

Protect your home, your family and their lifestyle

Homeownership is a part of the American dream. For many individuals, their home may be their largest investment. But your home is more than a valuable real estate asset. It's that special house you searched for in the neighborhood you love.

Whether you're raising a family in a fine school district, escaping to a vacation home for weekend getaways, or enjoying your retirement in an exclusive community — your home enriches the quality of life for you, your spouse and your family.

More than mortgage protection

With affordable term insurance, you can protect your home and ensure that your loved ones can continue to enjoy their lifestyle when you're not there. A term policy has the potential to cover your household expenses and more. Depending on your goals and how much coverage you purchase, your term policy could help your family:

- Pay off the balance of your mortgage
- Cover home repairs and ongoing maintenance
- Have the financial security to enjoy the home you've provided

An affordable way to supplement other life insurance

While your workplace may offer life insurance coverage, if you leave your job, it could be cancelled. You can supplement this coverage with an individual term policy that offers financial protection for less than you think. What's best of all is that your policy is not contingent on your employment. And, the sooner you purchase your term policy, the lower your premiums will be because age is a factor in determining rates.

Many Americans buy term insurance when they reach milestones in their lives

These are just some of the many reasons to consider purchasing affordable Sage Term Insurance.
