**If height and weight is not listed, please call for a risk assessment. Any weight loss over 10 pounds within one year, add one-half (1/2) of weight loss to current weight. Underweight individuals may require a table rating.**

**Insurance Professional Only. No Public Distribution.**

Financial underwriting is a key part of the underwriting process. It is an important step when determining the purpose of coverage for a client, the insurable interest and preventing possible anti-selection against the client or Sagicor. Insurable interest must show a financial loss for the owner/beneficiary if the insured dies prematurely (subject to state laws). A cover letter is always welcomed to help explain any details to help financially underwrite an application. You will need to complete a Financial Questionnaire for any face amount over \$1,000,000 (Personal – Form 5073, Business – Form 5074).

**BANKRUPTCY**

We will typically consider an individual for coverage once any type of bankruptcy has been discharged. If bankruptcy has been discharged within two years, a cover letter would be helpful in explaining the circumstances that caused the bankruptcy and help Underwriting determine the insured’s financial status.

**BUY/SELL AGREEMENT**

- Provide the value of the company, the method of valuation, ownership percentages of each owner and net income of business. A copy of the buy/sell agreement may be required.
- Write a cover letter explaining purpose of the coverage and any additional information that would help Underwriting understand the purpose of coverage.
- Complete Financial Questionnaire (Business) Form 5074.

**CHARITABLE GIVING**

- Provide the insured’s average annual giving and any key duties or responsibilities that the insured performs or holds for the charity.

**KEY PERSON**

- Provide the reason the insured is a key person and what the financial impact the insured’s premature death will have on the company.
- Complete Financial Questionnaire (Business) Form 5074.

**INCOME REPLACEMENT**

See income factor table below. Income factors shown can be subject to Underwriting’s discretion. (IC = Individual Consideration)

INCOME FACTOR	
Under 18 years old	(IC)
18 – 39 years old	25x
40 – 50 years old	20x
51 – 60 years old	15x
60 – 65 years old	10x
65 – 70 years old	5x
>70 years old	(IC)

**NON-WORKING SPOUSE/CHILDREN**

We will allow equal coverage of the working spouse up to \$1,000,000. Amounts above \$1,000,000 will be individually considered. Children will be allowed up to one-half (½) of their parents’ coverage. All siblings should have like coverage or like premium payments. If siblings do not have like coverage, please provide an explanation.

**Insurance Professional Only. No Public Distribution.**

## AVOCATION/HAZARDOUS SPORTS

We will consider clients who participate in various avocations and hazardous sports. Please complete the following questionnaires to properly classify the applicant in a risk class.

- Aerial sports (Form 5076)
- Aviation (Form 5071)
- Motor Sports (Form 5076)
- Rock or Mountain Climbing (Form 5076)
- Underwater Diving (Form 5076)

## CRIMINAL HISTORY

We will typically consider applicants with misdemeanors. Applicants must be off probation or parole for over a year. Please provide all details of the crime including the location and date of the crime. Any applicant with history of a felony will be considered on an individual basis; please contact Underwriting for a risk assessment.

## DRIVING HISTORY

A Motor Vehicle Report (MVR) is ordered on all fully underwritten products.

- Provide a valid driver's license number for the applicant.
- If applicant does not have a valid driver's license, please provide an explanation as to why the client does not have a license.

## FOREIGN TRAVEL (SUBJECT TO STATE LAW)

We will consider applicants traveling to foreign countries (certain restrictions apply).

- Purpose of travel, duration and destination will be required.
- Complete a Foreign Travel and Residence Questionnaire (Form 5070).

## RESIDENCY

We will consider U.S. citizens and U.S. permanent residents for coverage. If the applicant is a permanent resident, the alien registration number (USCIS number, A number) must be provided. A copy of the Resident Alien Card (AKA Green Card) along with a completed Foreign Travel and Residence Questionnaire (Form 5070) will be helpful to expedite underwriting. Canadian citizens can be considered on an individual basis. Please contact Underwriting for a risk assessment.

## TABLE RATINGS

The maximum table rating on all Sagacor fully underwritten products is Table 8 (300%)

## FLAT EXTRAS

Flat extras start at a rate of \$2.50 per thousand. This means that for every \$1,000 in coverage, \$2.50 is added to the annual premium.

- Example: A \$50,000 policy will have an additional premium of \$125.00 annually (50 x \$2.50)

## REINSURANCE LIMITS

- Auto bind limits: \$10,000,000
- Retention: \$500,000

## APPROVED VENDORS

Sagicor will be responsible for ordering all medical requirements unless instructed by the agency or producer. Sagicor will follow up with the paramedical companies, and the status will be provided on our website under pending policies.
