

Top 20 Life Insurance eApplication Tips for Faster Underwriting Decisions

It's easy to get a fast decision when you follow these simple tips.

1 FULLY APPOINTED BY SAGICOR

This is a requirement for all agents who want to experience the speed of Accelewriting® and have the opportunity for an underwriting decision at point of sale. Sagicor does not require a piece of business to submit appointment paperwork.

2 A 2-MINUTE DECISION

The 2-minute decision you can expect regarding your application is one of the following:

1. Approved (with an underwriting decision provided)
2. Approved with Changes (with an underwriting decision provided)
3. Declined
4. Refer to Home Office for Review

For any Refer to Underwriting (RTU) decisions, expect a response within 3-5 business days after your application has been received by Sagicor's Home Office. If your case is flagged by ID Verify for additional information, the case will not continue to RTU until the ID Verify is completed.

Underwriting can be contacted at 888-SAGICOR ext. 4650 or underwriting@sagicorlifeusa.com.

3 INSURED EMAIL ADDRESS

The insured must have their own personal email address, which must be included in the appropriate field on the application.

4 FIELD UNDERWRITING

As part of the non-med Accelewriting® process, please let the insured know that Sagicor will pull a Prescription Check that includes all current and past medications, and the insured should answer all medical questions in the application accurately.

On the application, the insured/owner must use their legal name as it appears on their driver's license, including any middle name and name suffix, such as Sr., Jr., etc.
