

5 reasons to have life insurance as a part of a plan for care

Since the pandemic, **85% of Americans realize that having a plan for care is important.**¹

87% believe it's more important than ever to receive in-home care.²

Most Americans turning age 65 will need care at some point in their lives.³

61% claim they would rather die than live in a nursing home.⁴

Medicare typically does not pay for a majority of long-term care services.⁵

Let's discuss options for your future

I can help you find needed life insurance and financial security, with a policy that pays benefits — whether or not you need care. Sage Indexed Universal Life Insurance combines financial protection with the opportunity to build cash value for your future. And, it offers chronic illness protection that pays a cash benefit — so you can stretch your dollars and receive care in the comfort of your home.⁶
