ISSPWL PRODUCT DESCRIPTION
Careful planning and wise financial thinking have allowed your clients to accumulate assets for retirement, most likely through tools like CDs, money market accounts and other financial vehicles. Sagicor Life Insurance Company’s (Sagicor’s) Interest Sensitive Single Premium Whole Life (ISSPWL) product provides coverage for the life of the insured plus guaranteed interest, living benefits and access to funds, if needed.

Sagicor’s ISSPWL is available by eApplication only, using our Accelewriting® process. Sagicor’s Accelewriting® process is an automated underwriting system that provides an underwriting decision in minutes and eliminates the need for a face-to-face meeting with the client and telephone interview. In some cases, additional requirements may be required, such as medical exams, bodily fluids and Attending Physician’s Statements (APS). These cases will automatically be referred to underwriting without the need for a new application which provides a ‘fast track’ to the underwriting review and approval process.

ACCELERATED BENEFIT INSURANCE RIDER
This inherent rider is included at no additional cost. This rider advances a portion of the death benefit if the eligibility requirements are satisfied for a Terminal Condition or a Chronic Illness. The maximum accelerated benefit available is the lesser of $250,000 or the policy death benefit less $25,000. A one-time administrative fee, the lesser of $250 or the maximum allowed by state law, will be deducted from the elected accelerated benefit amount.

Terminal Condition
Terminal Condition means the insured’s death is expected within 12 months or less. The elected accelerated benefit amount will be paid in a lump sum.

Chronic Illness
Chronic Illness means that the insured is unable to perform, without substantial assistance from another individual, at least 2 of 6 Activities of Daily Living (ADLs) for a period that is expected to last at least 90 days due to a loss of functional capacity.

The Activities of Daily Living are: Eating, Toileting, Transferring/Walking, Bathing, Dressing and Continence.

The benefit will be paid out in 33 equal monthly installments. In some states, the policy owner may choose to receive the accelerated benefit amount due to a chronic illness as a lump sum payment. If a lump sum payment is chosen, the amount of the payment will be 90% of the elected accelerated death benefit amount, less the administrative fee.

If the insured dies prior to all payments being made, remaining payments will be paid to the beneficiary in a lump sum.

RIDER LIMITATIONS
Payment of an Accelerated Benefit is subject to the following requirements:
1. Base plan and rider must be in force for 12 months before the insured is eligible to receive any accelerated benefit payment (not applicable in all states).
2. If the policy or this rider is subject to an irrevocable beneficiary designation or an assignment, except to Sagicor as a security for a policy loan, an insured must provide Sagicor with a written consent from any such beneficiary or assignee before any payment will be made under this rider.
3. In order to prevent an involuntary advance of proceeds, the Accelerated Benefit is not available if the owner or covered person:
   a) is required by a government agency to elect an Accelerated Benefit in order to meet the claims of creditors, whether in bankruptcy or otherwise; or
   b) is required by the government agency to elect an Accelerated Benefit in order to apply for, obtain, or keep a government benefit or entitlement.
4. No Accelerated Benefit will be provided if the terminal condition or chronic illness results from intentionally self-inflicted injuries or attempted suicide while sane or insane (does not apply to policies sold in MO).
5. Only one type of Accelerated Benefit payment will be allowed. You cannot receive a payment based on a Terminal Condition and a Chronic Illness.
